Program Project Icebreaker

Title: Fostering Hope Tennessee Community Project

Summary:

ZETA members during October - November 2021 brought suitcases, blankets, backpacks, duffel bags, toiletries, for a community project *Fostering Hope Tennessee*. Chante Hensley, a representative of *FHT* described the origin of the family-run nonprofit organization, and shared their mission to serve the 8,000+ children who are in foster care in Tennessee, with more than 700 residing in Knox County homes at our October meeting. *FHT* collects and provides new or gently used backpacks and luggage with hygiene items and comfort items and 100% of their profits go back into foster care and adoptive families.
