Program and Project

Giving Back to the Community

Last fall in a meeting we discussed how to give back to the community to less advantaged children, due to COVID, being home most of the day.

Beta Eta Chapter donated to “Give Back Jack” boxes around strategically planned area neighborhoods in the Jackson area. “The Give Back Jack Boxes”, include some non-perishable goods, books, and activity books for kids. Families in these areas can have access to these items and perhaps give an item back as well if they can.

One member gave all teachers and staff 80 potted plants to Community Montessori School last fall to thank faculty and staff for being essential workers.
