Title: The Boys and Girls Club of Rutherford County: How Can We Help?

Summary:

Beta Epsilon met on November 18, 2021, at the Boys and Girls Club in Murfreesboro, TN. Our speaker was Sheryl Chesnutt, the Executive Director of the Boys and Girls Club, who shared the mission of her organization along with service opportunities for members and the community in general. We were delighted to hear about the children being tutored, the meals being provided, and the clothing being gathered to help the Rutherford County community. Beta Epsilon members were very generous in their book donations for the Club Library. Sheryl shared that they also need donations of art supplies and coats.
