Project

Christmas Greetings Project for Meritan Senior Services

In an attempt to provide a little bit of Christmas spirit for the Elder-Care residents of Meritan we were asked to provide Christmas cards in order to brighten their holiday with personal wishes. Chapter members were given a list of the seventy residents and asked to send cards to as many as possible. Cards were sent in large envelopes to Meritan, and they saw to the distribution to the residents and many were hand made cards. It was heartwarming to think that we might be able to brighten the holidays for their elderly clients.
