Project

Title: Member Education Videos: Why Stay in DKG?

Beta Epsilon chapter created eight "Member Education Modules" to teach new members what is special about DKG. Topics include Founders, Officers, Principles, Responsibilities, Symbolism, Achievement, Leadership, and Networking. With the ability to modify, chapters can personalize modules for their specific groups. These are great resources for online learning! Materials provided for this project include the following:

Eight different PowerPoint presentations (15-slides per presentation)

Narration scripts for each presentation

10-question follow-up activity for new members for each presentation

Instructions for modifying to personalize for individual chapters

Contact Dr. Elaine Alexander at elaineGalexander@comcast.net for access to materials via Google Docs.
