**Good Neighbor Award**

The Good Neighbor Award Program has been a hit ever since first suggested by Sheila Cruse. We have now changed the program to include around 17 students from grades 6-12 who are chosen each year by their teacher and principal based on being a "good neighbor." These students

are honored for consistently demonstrating the qualities we want in our neighbors: compassion, kindness, and generosity. Each receives a framed certificate to honor their exemplary neighborly qualities, a personalized copy of Shel Silverstein's classic book, "The Giving Tree" and a goody bag filled with items donated by local businesses. These students have their photo along with a write-up in "The Tomahawk", our local newspaper and are honored at a reception where family, friends, teachers, and local dignitaries are invited to attend in recognition of these wonderful students,
