

## Activity for Learning *The Delta Kappa Gamma Song*

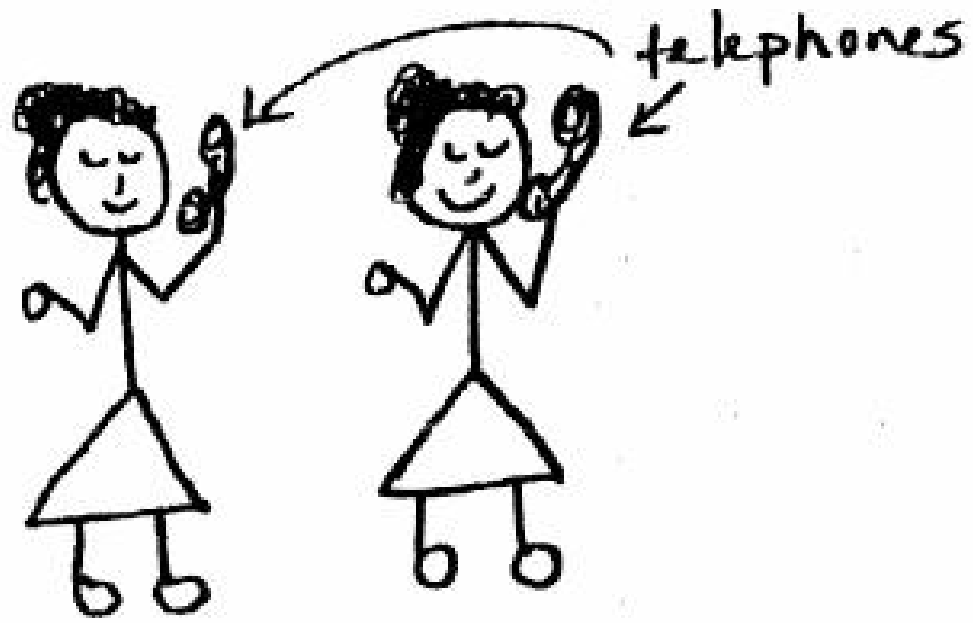

---

### Materials:

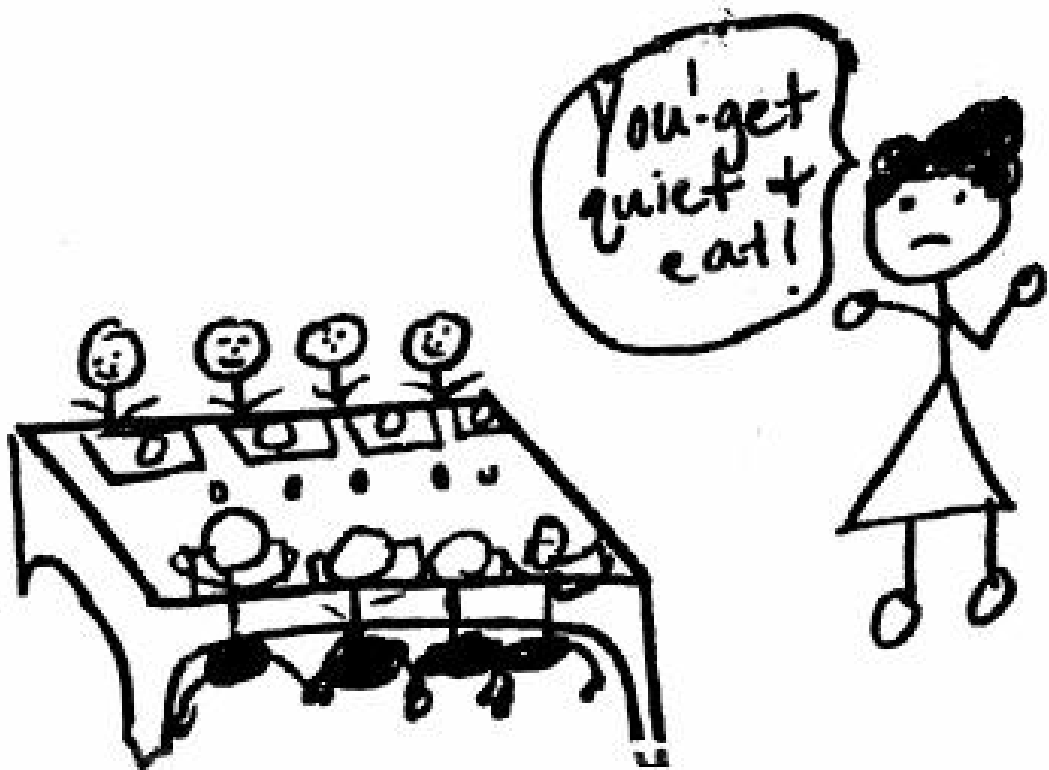

One complete collection of the song graphics, one picture to a page, in four sets, one for each verse of the song.

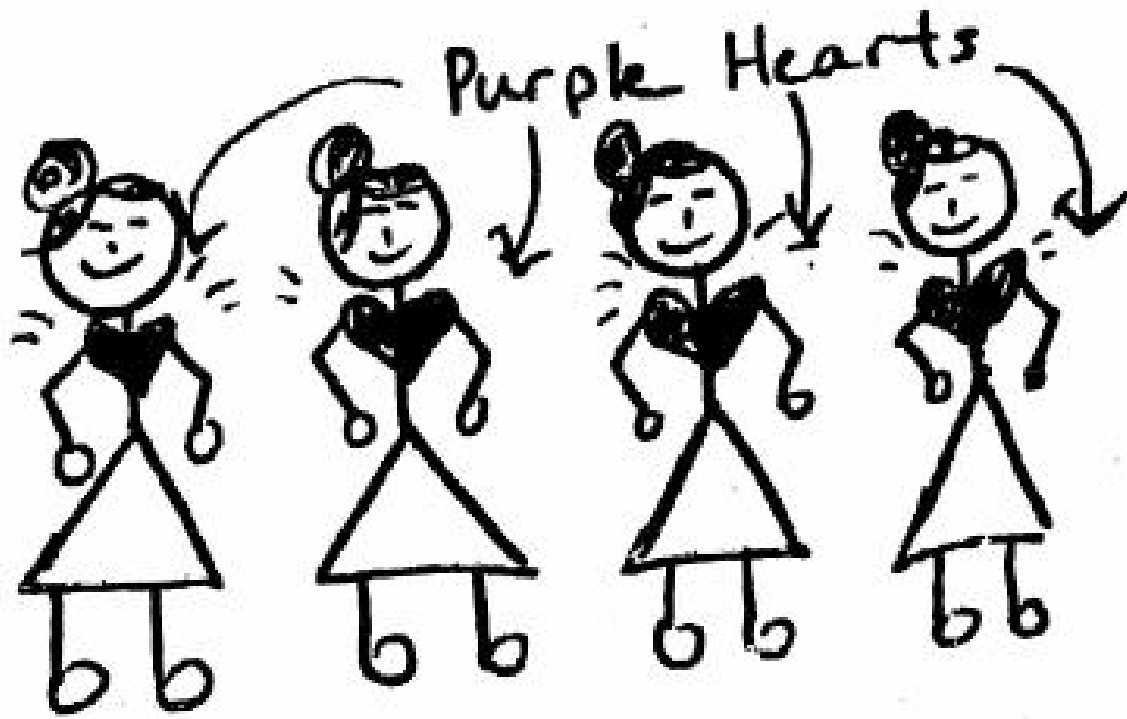

### Activity:

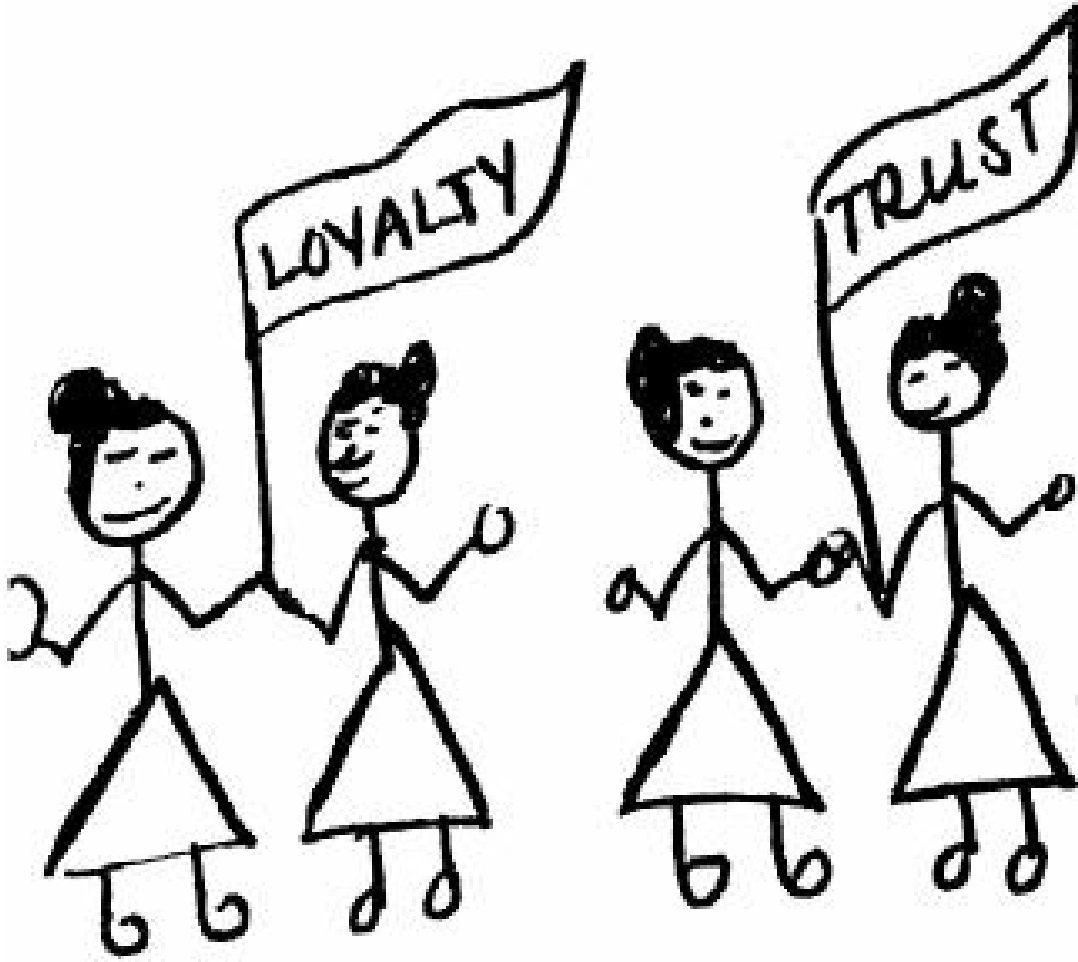

1. Divide those present into four groups.
  2. Distribute one set of graphics to each group; each group's graphics are different.
  3. Each group's task is to put the pictures in the correct order, matching each graphic to the appropriate words in the song.
  4. The result for each group is that group members can sing their portion of the song correctly highlighting the appropriate graphics.
  5. Finally, the entire group joins to sing the song from beginning to end; when each graphic is appropriate, it is raised for all to see.
